## Support Staff Displacements

VCS is currently working through the process of informing support professionals of displacements for the 24-25 school year. The deadline for principals to inform individuals of a displacement or non-reappointment is Tuesday, April 30th.

If you have been displaced, please complete the short survey we have created to help us facilitate a placement for you for the 24-25 year, and to ensure that your contractual rights are protected.

The survey can be accessed by clicking the QR code at the end of this section.

If you have any questions please contact the office at (386) 238-1605. We are here to help.

**Article 11.section 4:**  
**Notice for End of Year Reassignment**  
**or Non-Reappointment**

Any employee who, due to changes in allocation in the next work year, is to be reassigned from one worksite to another shall be given written notice of the reassignment at least thirty (30) calendar days prior to the first day the employee is required to report to the new worksite except in cases of emergency. Such notice shall be sent by certified mail to the employee's last address on file with the school district or by hand delivery with signed receipt during summer months if the employee is not scheduled to work in the school district during that time.

However, a reassignment to another worksite may be made with less notice, where determined necessary by the Superintendent to be in the best interest of the school district.

Where an employee is to be reassigned to another worksite in the next work year due to a change in staffing allocations, the school district shall consider the employee's home address when determining the worksite to which the employee will be assigned.

Said employee displaced to another position with fewer number of workdays per year shall, upon application, be interviewed for a position within the same classification with the same number of workdays per year as his or her prior position if that position is advertised within thirty (30) calendar days of being notified of displacement.

# Midterm Grades Due Wednesday

## School Board Elections

In August voters will elect representatives to the school board in Districts 2 and 4. These are the seats currently held by Anita Burnette and Carl Persis.

It is time to elect individuals to the board who understand the issues and concerns in our schools and classrooms. Someone who is committed to prioritizing the needs of the students, teachers, and staff.

Fortunately for us, there are two individuals who have answered the call.

Cassandra "Cassie" Gonyer and Sarah Marzilli are both classroom teachers and union members. Sarah is a VUE Steward and the art teacher at Pine Trail Elementary. She is a product of Volusia County Schools and her 3 children are currently enrolled in VCS.

Cassie is a member of the Brevard Federation of Teachers (BFT) and she works in the Brevard Public Schools virtual school program. Cassie lives in Daytona Beach and her 2 children attend T. T. Small Elementary.

Sarah and Cassie need our help. They both need support collecting signatures to get their name on the ballot. If you live in District 2 (Daytona, South Daytona, Port Orange (north of Dunlawton) or District 4 (Holly Hill, Ormond Beach, or the beachside), please let us know if you are interesting in signing a petition to help our fellow union members.

If we want change on the school board, we must engage in the work to elect individuals who care about what is happening in our schools.

The time is now. The petitions are due to the Supervisor of Elections on May 14th. Contact the VUE office at (386) 238-1605 if you are interested in signing a petition.
