

## **HOT TOPIC: Payroll Issue: FRS Deduction**

May 29, 2026

### **Important Payroll Update:**

An error has been identified with the multi-check payments that 10-month instructional employees will receive on Monday. Specifically, the fourth check in the series of payments did not include the required 3% Florida Retirement System (FRS) contribution deduction.

Thanks to the diligence and outreach of our members, we brought this concern to the district's attention. The district has acknowledged the error and has informed us that the missing FRS contribution will be deducted from the June 15<sup>th</sup> check.

We recognize that payroll issues continue to create frustration and uncertainty for employees who depend on accurate and timely pay. This situation serves as an important reminder of the power of our union and the power of our members. When members pay attention, ask questions, and speak up, problems are identified more quickly and solutions can be pursued. VUE members identified the problem, and we are holding the district accountable for fixing it.

Thank you to the members who brought this matter forward and to everyone who continues to look out for one another.

In Solidarity,

Elizabeth
